# *Well-Being*

## *Spa*

Nestling between vines and veteran olive trees, on a beautiful estate overflowing with history...

Our wine estate offers a mineral-rich soil, magnificent natural environment crossed by two rivers and all the charms of Provence's genteel lifestyle, perfect for relaxing and unwinding.

Let nature pamper your body and mind with its rejuvenating powers as you revel in our range of Cinq Mondes Spa treatments in a haven of peace spanning 800 sq. meters. Château de Berne's luxurious new Spa amenities offer unbeatable relaxation and serenity: an indoor upstream swimming pool with Swan Neck fountain, outdoor overflowing pool, two Jacuzzis, a sauna, steam room, solarium, relaxation area with herbal tea room and spacious treatment cabins.

*The Spa ... where time stands still ...*

A modern spa treatment room with light-colored walls and a white ceiling. On the left, there are three shelves of illuminated product displays. In the center, a window looks out onto a green landscape. In the foreground, two blue armchairs with gold trim are arranged around a small, ornate metal table. A large vase of white orchids is on the right.
